[CodeWeavers](#) has released a maintenance update for [CrossOver Games](#), version 10.2.0 change log with some of the many changes made in this releases is provided below.

Change Log For CrossOver Games

10.2.0 CrossOver Games

- Worked around the 'backwards elbow' bug in Rift on Lion.
- Fixed behavior of Plants vs. Zombies in windowed mode.
- Improved loading and play of Portal 2.
- Fixed 'Add a Character Friend' behavior in StarCraft 2.
- Fixed the Perfect World International launcher.
- Added a 'steamid' tag to the CrossTie format. This allows a CrossTie to install and detect games via Steam.
